HOME COMING.

Not a sun, and toll is done.
Grind, oh, wheels, while others tread!
Homeward through the night I run
To the loveliest land.Light of love, light of love,
Other refuge have I none.
Then the worth of life must prove
While the light is yet unshone.Scent the face that love may share,
Pale the lips that love may press.
Stern the burdens love must share,
Fierce the wrongs that love redress.Heart of life, heart of life,
Manna in the wilderness.
We should perish in the strife
But for love's strong tenderness.Spend the day when we may say
Justice reigns and men are free.
Peace shall kiss us in the way,
Labor crown us plenteously.Love is all! Love is all!
Sound the word from sea to sea.
Head to head we stand or fall.
Ho, for love and liberty!

TENNYSON'S WOMEN.

The Poet Never Idealized the Work of the Wage Earner.

Tennyson gave the world pictures of some of the fairest feminine creations in poetry—winsome maidens, demure and trustful, womanly women, loyal and companionable; devoted wives, gentle and faithful; noble matrons, loving and self-sacrificing, serving the best interests of home and country.

Tennyson's conception of woman and her sphere may be regarded as rather old-fashioned. He was evidently not in full sympathy with some of the advanced notions of the modern woman.

His burlesque of woman's rights in "The Princess" has not hurt the cause of the weaker sex. He understood the right relations of the man and the woman, and his utterances in the closing passages of this poem go to the heart of the problem. It is still true that woman's chief place and crowning glory is to be queen of the home. There she may have an unlimited field for usefulness and exert a far-reaching influence for good if she but realize her opportunities and improve them. In the household woman finds her proper sphere and work.

Her office there is to teach,
Revering as is meet and fit
A link among the days, to knit
The generations each with each.

No other poet has done more to glorify the maternal sentiment or to make the family relation sacred. Woman's work, as he conceived it, is not only raising the plastic minds of the young, but spurring the man to more resolute endeavor and grander achievement. Yielding to her subtle forces and gentler agencies, he aspires to a higher plane of being. While "accomplishing his manhood" by repressing the lower and "civilizing the brute side of him, she at the same time works out her own salvation, humanly speaking, in the truest sense.

In a word, it is by loving and being loved that she reaches the fullest development and renders the world the best service. Conserving and fostering goodness and gentleness, ministering to the wants of the body, scattering gloom and softening the roughness of harshness—this is woman's mission.—Chautauquan.

The Uses of Teetotalism.

Recently inquiries were sent out by the state department to consular officers in Europe asking for information concerning the commercial product called teetotalism, which is described as follows:

Teetotalism consists of a galvanized iron web covered with a gelatinous substance and is transparent but not translucent. It is described by a manufacturer as a substance that, first, can be bent without being broken; second, is both tough and flexible; third, is not softened by the rays of the sun; fourth, is non-soluble; fifth, is not affected by severe cold; sixth, is a bad conductor of heat; seventh, is well adapted for roofs on account of its extreme lightness; eighth, when exposed to the sun, it loses its original yellowish color in time and becomes harder and more durable; ninth, can be made by a very cheap process, to imitate stained glass in such manner that it cannot be distinguished from the genuine article; tenth, can be cut by shears, nailed to wood and transported without danger; eleventh, can be easily repaired in case it is cut; twelfth, does not break, and thirteenth, is well adapted for factory windows and skylights for hothouses, market halls, verandas, transportable buildings and for roofing.

The consuls state that it is sold in small quantities in a few places, but that it is not known to the general public and as a commercial product is still an experiment.

Pepper Berries.

When the berries on a spike of the pepper plant begin to turn red, the spike is cut off and the berries gathered. If left too long, until perfect ripeness is attained, there is a great loss occasioned by the berries falling off, and the quality of the product is by no means so good.

Do Candolles make a very careful examination, historically and botanically, of the origin of wheat, and claims that its native home was in the plateau of Armenia, where it is still found to be growing wild.

Rice was first grown in 1695 from seed brought from the East Indies.

WEAK MEN

CURED AS IF BY MAGIC.

Victims of Lost Manhood should send at once for a book that explains how full manly vigor is easily, quickly and permanently restored. No man suffering from weakness can afford to ignore this timely advice. Book tells how to regain strength, depurify the body, and with positive proofs (sealed) free to any man or application.

Religion and time are wasted in every effort to cure weakness by medicine.

F. B. PORTER,
Clerk of Board of County Commissioners,
Reno, Oct. 19, 1896.Man's View
Of Marriage.

"IS MARRIAGE A FAILURE?"

It is not uncommon for men to bewail the fact that marriage so seldom means a real companionship—that man and wife are separated by difference of taste, of mental outlook, of general interest in life. It is perhaps even more common to hear women blamed for what is called breach of contract in the marriage relation. If the wife be delicate, run-down, nervous and irritable, if her smile and her spirits have taken flight, if her back aches, and she has that awful crowding-down feeling in the abdomen. It depends on the woman whether she will permit these troubles to continue day by day leading to a life of misery.

Thousands have been cured by taking Dr. Pierce's Favorite Prescription, and why not you? A healthy woman is always interesting; she passes for a beauty because she is happy, and her good spirits are contagious. Good nature goes with health, irritability and peevishness with sickness.

Those who suffer from the derangements, disorders and diseases of the sex should remember that Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has, for over a quarter of a century, made the diseases of women a specialty. Send twenty-one (21) cents (in one-cent stamps) to him, at above address, for his great medical book of 700 pages, profusely illustrated with woodcuts and colored plates.

It contains photographs, names and addresses of a vast number who have been cured.

You can correspond with them and learn how they cured themselves without having to consult a doctor.

SILVER PARTY PLATFORM.

Adopted at Elko, Nevada, September 8, 1896.

The Silver party of Nevada, in State Convention assembled, does affirm its allegiance to those great essential principles of justice and liberty upon which our institutions are founded, viz: Freedom of speech; freedom of the press; freedom of conscience; the preservation of personal rights; the equality of all citizens before the law, and the faithful observance of constitutional limitations.

We pledge our earnest and active support to William J. Bryan for President, and to Arthur Sewall for Vice President of the United States.

We heartily endorse the platform of the National Silver party adopted at St. Louis, July 25th, 1896.

We declare the restoration of silver to the place accorded it as a money metal by the founders of the Government, to be the paramount issue.

We demand the remonetization of silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be full legal tender equally with gold for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We are opposed to the issuing of Government interest bearing bonds in time of peace, and we demand that the Government officials, the servants of the people, shall use the option given them by law to redeem all obligations in gold or silver coin.

We demand the abolition of National banks, and the issuance of all money direct by the Government.

We demand the collection of the indebtedness of the Pacific Railway Companies to the United States, as it matures, without extension of time or charge of terms or conditions.

We demand Government ownership of telegraph lines and railroads.

We demand the enforcement of the Interstate Commerce Act.

We demand legislation excluding foreign paupers, criminals, and contract labor.

We pledge the fostering care of the State to our public schools and the State University, of which we are justly proud, and favor such legislation as will increase their efficiency.

We cordially invite the co-operation of all true silver men of all parties in the ensuing election, and hereby pledge the electoral vote of Nevada to Thomas E. Watson, should it appear that the election for the Vice Presidency be between him and Garret A. Hobart, the gold trust nominee.

We denounce the hypocrisy and double-dealing of the Republican party of Nevada, which, on May 10, 1893, declared for free coinage at the ratio of 16 to 1, independent of any other nation, as the only means of restoring prosperity to the country, and on June 18, 1896, declared that the restoration of silver would create a panic and demoralize the business of the country.

We approve the bill passed at the last session of the United States Senate, now pending in the House of Representatives, relative to contempt in Federal courts, and providing for trials by jury in certain cases of contempt. We are in favor of arbitration of the differences between employers engaged in inter-state commerce and their employees and recommend such legislation as is necessary to carry out this principle.

Recognizing the just claims of union soldiers, we heartily endorse the rule of the present Commissioner of Pensions that no name shall be arbitrarily dropped from the pension roll, and that the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

WATERWAYS AND RAILROADS.

The Federal Government should care for and improve the Mississippi River and other great waterways, and should own the great trunk lines of railway and improve and operate them so as to secure for the interior States easy and cheap transportation to tide water. When any waterway or trunk line railway is of sufficient importance to demand aid of the Government, such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

VOLUME OF MONEY.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. It should be increased to an amount that will enable us to build our railroads, open our mines and develop our vast resources without dependence upon the money lenders of Europe.

PUBLIC OFFICE.

A public office is a public trust. No person or party should be trusted who has once violated that trust.

ELECTIVE FRANCHISE.

We denounce the purchase and sale of the elective franchise as destructive of our liberties, and favor the strict enforcement at all future elections of the law passed at the last session of the Legislature, known as the Purity of Elections law, and recommend that all candidates for the Legislature be required by their constituents to pledge themselves against a repeal of the law or any modification that will impair its efficiency.

UNITED STATES SENATORS.

We are in favor of an amendment to the Constitution of the United States, providing for the election of United States Senators by direct vote of the people of their respective States.

UNITED STATES SENATORS AND MEMBER OF CONGRESS.

The able and efficient services of Senators Stewart and Jones and Congressman Newlands in the Congress of the United States in behalf of all interests that promote the welfare of our people are worthy of the indorsement of every patriotic citizen of the State, and we are in favor of the election of Hon. John P. Jones for United States Senator.

Resolved, That the Silver Party was organized for the purpose of securing the remonetization of silver and that we are opposed to any effort to disorganize it until silver is remonetized.

THE SITUATION IN NEVADA.

The people of Nevada in point of intelligence will compare favorably with those of any State in the Union. Being intelligent they know that the election of William Jennings Bryan and a Congress pledged to carry out the principles of the platform on which he was nominated will result in the greatest possible benefit to the State. They know that under the single gold standard, which reduced the volume of primary money one-half, the country is not prosperous. They see the marketable value of property depreciating year by year and in this State, with all its undeveloped resources, the population steadily decreasing. They know that if the gold trust succeeds in electing Mr. McKinley, this condition will be intensified as he is pledged to vote against free coinage, and continue the financial policy of Cleveland's administration. That policy, as they are aware, is to issue bonds for gold every time the gold syndicate desires to make a raid on the gold reserve. It is the policy of the Republican party, as was proved last Winter by the passage of a bill by the Republican House of Representatives to issue more bonds. Not a suggestion was made by the leaders in a Congress in which there are 248 Republicans out of a total of 356 members, to increase the volume of money by the coinage of the silver bullion stored in the Treasury or the issuance of legal tender notes against that bullion. They did, however, pass a tariff bill, a cross between the McKinley and Wilson measures, to increase the schedules an average of about five per cent. Senator Teller said no intelligent wool-grower was deceived by the bill, as it would not benefit their industry, and not a Senator on the floor of Congress disputed Senator Teller's statement.

To-day every Cleveland Democrat in the land is doing all in his power to elect Mr. McKinley, and Mr. McKinley in one of the speeches which he reads from manuscript at Canton to those paid to visit him proclaimed that the Cleveland Democrats were with him and for him.

Why should any citizen, whether he be banker, merchant, professional man, farmer, artisan or laborer, in Nevada vote to continue the financial policy of Mr. Cleveland four years more by supporting Mr. McKinley? We know that the State is not prosperous, we know that the marketable value of property cannot appreciate unless there is more money, and we know from the experience of the first session of the present Congress that the Republicans do not propose to increase the volume of money. Knowing these things there is no reason why anybody in Nevada, except the few who have promises of the federal patronage, and who care very little for the welfare of the State if they are provided with stalls at the public crib, should vote for McKinley or even for anybody who upholds the gold trust, as no greater misfortune than his election could so easily befall the State.

That four-fifths at least of the people of Nevada will vote for Bryan there can be no reasonable doubt, unless the sanity of the people is questioned. In addition to that they should, and doubtless will, vote for Francis G. Newlands for Congressman and for members of the Legislature, who will return John P. Jones to the Senate. Our Senators and Representative in Congress have taken an active part in bringing the financial question prominently before the people and making it for the first time in the history of the country the paramount and, in fact, the only issue. The work that they have done, the speeches they have made, the statistics they have gleaned and the money they have expended from their private means in disseminating information among the people of the east can scarcely be estimated and that they deserve all the honors and praise that can be bestowed upon them by their constituents no reasonable person will dispute. They are the peers of any Senators and Representatives, and in debate have few equals and no superiors in the halls of Congress, and the people of Nevada should see, now that the election of Bryan is almost assured, that those men, who have held aloft his banner, on whose folds are inscribed "Free coinage and prosperity, and an American financial system," are elected, as they, much better than any others that could be selected, understand the situation and know what should be done to secure the immediate remonetization of silver.

HOW THEY SCORED LINCOLN.

Some people express surprise at the billingsgate and blackguardism of the New York press when it refers to Bryan, but it is nothing new. Thirty-six years ago the New York papers spoke of Lincoln as they now do of Bryan. May 19, 1860, the New York Herald said:

"The Republican Convention at

Chicago have nominated Abraham Lincoln of Illinois for President of the United States—a third-rate Western lawyer, poorer even than poor Pierce. * * * The conduct of the Republican party in this nomination is a remarkable instance of small intellect growing smaller. They pass over Seward, Chase and Banks, who are statesmen and able men, and they take up a fourth-rate lecturer who cannot speak good grammar, and who, to raise the wind, delivers his hackneyed, illiterate compositions at \$200 a piece. Our readers will recollect that this peripatetic politician visited New York two or three months ago on his financial tour, when, in return for the most unmitigated trash, interlarded with coarse and clumsy jokes he filled his empty pockets with dollars coined out of Republican fanaticism."

In 1896 the New York Herald says of the Chicago Convention: "The triumph of silverism and Populism won by the politicians at Chicago is but the beginning of the battle. The campaign for national honesty, honor and safety has yet to be taken up by the people and waged to a finish in November. The people are both honest and patriotic. They have only to be awakened to the new danger that menaces the country to arise to its defense as they did in '61."

The Herald is now as vituperative as it was in 1860. Then it showered abuse on Lincoln; now it is pouring abuse on Bryan. Lincoln it described as a third-rate, penniless lawyer, and a fourth-rate lecturer, and Bryan it pictures as an anarchist and a repudiator. Lincoln made one of the best Presidents since Jackson's time, and Bryan will make the best President since Lincoln's time. Lincoln was despised by the plutocrats in 1860, and Bryan is hated by the plutocrats in 1896. The masses of the people of the North were with Lincoln; the masses of the people of the whole country are with Bryan, and the money of the gold syndicate and the coercive measures of the trusts cannot defeat him.

No Artillery Men.

SAN FRANCISCO, October 26.—The Evening Post says that the effect of the transfer of the Artillery troops to Angel Island and the placing of First Infantry troops at the Presidio leaves the latter reservation with no one competent to handle the artillery defenses constructed at the Presidio. The Government has spent over three million dollars on these guns and defense works, which are now virtually neglected.

Honored and Punished.

PEKIN, October 26.—Li Hung Chang has been appointed Minister of Foreign Affairs. Simultaneously with his appointment as Minister of Foreign Affairs an Imperial edict orders Li Hung Chang to be punished for presuming to enter the precincts of the ruined Summer Palace while visiting the Dowager Empress.

Drowned at Sea.

CODRONG, Ceylon, October 25.—The passengers and crew of the British steamer Tait, which plies between Mauritius and Bombay, were launched here to-day. They report that the steamer foundered during a heavy gale. About twenty whites and twenty-seven natives were drowned.

An Ex-Congressman Dead.

FOND DU LAC, Wis., October 26.—Ex-Congressman Charles A. Eldridge died this morning after a prolonged illness. He served six terms.

TELEGRAPHIC NOTES.

December wheat closed at Chicago yesterday at 69½ per bushel.

Li Hung Chang has been appointed Minister of Foreign Affairs by the Chinese Government.

A call has been issued to the Farmer's National Congress to meet at Indianapolis, November 10th.

Antone C. Nunes, a Portuguese, was shot and instantly killed by his stepson, Joseph Soza, at Battle Creek, Tehama county, California.

An explosion in the mixing department of the Acme Dynamite Works, near Hulton, Pennsylvania, killed two men and demolished the works.

An excursion train bearing members of the G. A. R. collided with another train near Spring Park, Missouri. Both trains were running according to the rules of the road.

French papers protest against foreign interference in the internal affairs of Spain, and says Europe is especially interested in not permitting the United States to take possession of Cuba.

Twenty-six representatives of the Railway Men's Sound Money League, and also a delegation from New Jersey gave Mr. McKinley opportunity to read one of his prepared addresses yesterday.

The British steamer Wolesley put into New York yesterday with her cargo on fire. She left New Orleans for Havre, France, October 16th, and when at sea she was discovered to be on fire. The vessel was loaded with cotton.

A terrific wind storm, accompanied by thunder and lightning, swept through Santa Rosa, California, Sunday night. Smokestacks and fences were blown down, and at Forestville there was a cyclone which blew down the barn and outbuildings of Victor Lampert.

The Pacific elevator at Chicago was burned yesterday. Five firemen almost lost their lives while fighting the flames. They stood at their posts though the roof was burning under them, until it fell in. There was a large amount of grain in the elevator and the loss will approximate a million and a half.

The failure of crops and the pro-

pects of a famine in India attracts much attention in London. The Bombay papers say the prospects are as bad as possible for both grain and cotton. The cotton crop will not exceed fifty or sixty per cent of an average crop. The natives say if it rains within a week famine will be averted.

The resignation of Lieutenant Joseph R. Binnis of the Second United States Infantry has been accepted to take effect immediately. He sent the War Department a long letter in which he set forth his belief that a collision between the people and the army would follow the election and he could not serve against the people.

Bryan was received with the noisiest demonstration heretofore accorded him in the chapel of the Illinois College yesterday. His address was not political and no student could take offense at what he said. The members of the Sigma Chi were deputed by President Bradley to escort Mr. and Mrs. Bryan to their carriage and act as a guard of honor. Bryan is a graduate of Illinois College and his address was in defense of bimetallicism.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

That Crisis in the Silver Question which has been culminating since the legislation of 1878 is now at hand.

Signs of Health.

You don't have to look twice to detect them—bright eyes, bright color, bright smiles, bright in every action.

Disease is overcome only when weak tissue is replaced by the healthy kind. Scott's Emulsion of cod liver oil effects cure by building up sound flesh. It is agreeable to taste and easy of assimilation.

Trib cures swellings and burns. Skates at Lange & Schmitt's cheap. Oyster cocktails fresh daily at Thyres. Have you catarrh. Use liquid Viava.

Window glass, all sizes, at Lange & Schmitt's. Georgia Populists have withdrawn their electoral ticket.

Mr. and Mrs. W. O. H. Martin visited Virginia City on Sunday.

Furnished or unfurnished rooms for rent; see advertisement.

No magic about Trib, no witchcraft just a liniment; but supreme.

A bottle of the best liniment, Trib should be in every household.

Paints mixed to any desired shade at Porteous & Co's, Eureka block.

Yesterday was the 21st anniversary of the great fire at Virginia City.

Mrs. John Cahlan was a passenger for Susanville yesterday morning.

R. D. Clarke arrived from Cortez yesterday and continued on to Carson.

Trib, the new liniment, is in fact good. It cures bruises and sprains.

Stoves and ranges of all kinds at San Francisco prices at Lange & Schmitt's.

Window glass for sale or set at lowest rates. Porteous & Co., Eureka block.

State Treasurer Westerfield was a passenger for Carson yesterday morning.

Frank Norcross visited the Comstock yesterday on professional business.

Pure lead and oil mixed ready for use, any color, at Porteous & Co's, Eureka block.

Miss Jennie Torreyson arrived from Carson last evening on a short visit to Mrs. F. M. Lee.

Foster's storm was on schedule time last evening. Another section of it is closely following.

Congressman Newlands wires Mrs. Newlands that he will arrive here on Thursday morning.

Paint mixed to order and sold in any quantity by the pound at Porteous & Co's, Eureka block.

Have you piles? Use Sano, prepared by the Viavi Company. It reaches the worst cases. Try it.

Mr. C. A. Borabacher and son of Portland, Or., are in town and will remain for several days.

O. A. Tobrancher and son, Portland; F. Strubel, Grant S. Fyle and A. G. Spencer are guests at the Palace.

T. F. Donella, Chief Train Dispatcher on the Ogden and Salt Lake division, visited Reno yesterday.

R. L. Fulton left for Wadsworth yesterday to address the people of that town from a goldbug standpoint.

W. H. A. Pike of Wadsworth, candidate for member of the Assembly, visited Reno yesterday and was around interviewing voters.

Sam Moxing has taken a position with Alfred Nelson. Sam is a popular young man and Mr. Nelson was lucky in securing his services.

The Ladies' Auxiliary of the Young Men's Christian Association will give an entertainment Saturday evening next; see advertisement.

Jerry Corecco's Granite Saloon is rapidly increasing in popularity. His lunches are a drawing card and his wines, liquors and cigars are of the best.

Mr. and Mrs. B. M. Coffin left for Truckee last night to attend the funeral of their little nephew, Lester Morrill, which takes place in that town to-day.

Gepulne Belfast and Dublin ginger ale, sassafras sour and an ever running stream of pure and sparkling soda water and the best of ice cream at the New Palace Bakery.

At the Reno last night W. F. Lloyd, Clairville; J. W. Williams and wife, Virginia; John Farrell and wife, Mason Valley; Misses May and Annie Farrell and J. H. Payne, all of Salt Lake.

A. Nelson will sacrifice his stock of furnishing goods in order to make room for new goods. Now is the time to get bargains. Call at his store on Virginia street. Free employment office connected with the store.

WHAT A BISHOP SAYS.

Bryan Says He Hopes It Is Not True.

At Macomber, Illinois, Bryan spoke as follows: "I want to call your attention to an article that appears in yesterday morning's Chicago Chronicle. I waited until to-day before saying it, thinking that possibly this morning's paper might make a correction, and when I speak of it I want you to understand that if there be a subsequent denial of the language used then all I say about it shall fall to the ground. It is an interview published yesterday morning and a dispatch from New York giving an interview with Bishop Worthington of Omaha. Let me read you what he says:

"When it was suggested to the Bishop that the farmers throughout the country were not in as prosperous a condition as they had been in the past, Bishop Worthington said: 'The trouble with the farmer, in my judgment, is that we have carried our free educational system entirely too far. The farmers' sons, a great many of them, who have absolutely no ability to rise, get a taste of education and follow it up. They will never amount to anything—that is, many of them—and they become dissatisfied to follow in the walk of life that God intended they should and drift into the cities. It is the over-education of those who are not qualified to receive it that fill our cities while the farms lie idle.' "I say, my friends, I hope it may prove that these words were not issued by Bishop Worthington."

A LETTER FROM OHIO

Says That Indications There Point to the Being Given to Bryan—A Silver That Was Sweeping It.

Judge C. E. Mack received the following letter a few days ago:

COVINGTON, Ohio, October 17. MY DEAR MACK—Yours of the 7th instant came to hand during my absence from home, hence my seeming delay in answering. I am not in possession of any inside information, and can only give an opinion based upon the surface indications of this section of the State. The sentiment in favor of Bryan is very strong and growing rapidly in this part of Ohio. If the balance of the State does accordingly, he will carry Ohio without doubt.

I was told within a day or two, by a gentleman that ought to be fairly well informed, that the goldbugs have completed their poll of the State and that it showed them about 15,000 short, and that as a result they were bringing into the State all the speakers they possibly could in the hope of stopping or turning aside the silver tidal wave that seems to be sweeping the whole State. What will be the effect is a question.

The signs point to Bryan carrying Ohio, which is almost too much to expect in view of the fact that our State has been giving the Republicans from 80,000 to 115,000 majority. With kindest regards I remain fraternally,

A. C. CABLE.

Footings of the Tax Roll.

The footings of the tax roll for the year 1906 are as follows: Total valuation, \$4,839,900; State and county proportion of tax, \$91,859 25; University and incorporation, \$13,887 73; special, School District No. 10, \$3,102 95; Wadsworth special, \$1,329 89; Verdi special, \$560 45. Total tax, \$113,430 28; State proportion, \$43,559 64; county proportion, \$43,899 60.

This is exclusive of the personal property valuation and tax, which would add materially to the total. The valuation was \$86,260 more last year than this, the reduction on the railroad valuation being the principal reason. There is only a difference of \$2 80 on the University special and the special tax for Reno School District amounts to \$1,064 88 more than last year. The total tax, however, is \$866 80 less than last year.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial box will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels, greatly invigorate the system. Regular size 25c. per box. Sold by S. J. Hodgkinson, Druggist.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at S. J. Hodgkinson's Drug Store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c. per box. For sale by S. J. Hodgkinson.

To Purchase Nevada's Vote for McKinley.

A scheme of Mr. Hanna's lieutenants to purchase the electoral vote of Nevada has been exposed by the San Francisco Examiner. The names of those who were approached on the subject are given by the Examiner, and also the details. The fear of lynching prevented the conspirators from attempting to carry out their plot. They had abundance of money and proposed to flood the State, not with silver, but with gold, and get its electoral vote for McKinley.

The party of purity and great moral ideas has, under Hanna's management, degenerated into a gang of corruptionists composed of gold men of all parties, who expect to purchase enough votes to give the Presidency to a man who owes \$118,000 to a syndicate who has such complete control of him that he is not permitted to leave his door step or utter a syllable on the issues of the day that is not prepared and written for him by their literary bureau.

Children's Home Finding Society.

Rev. H. W. Brayton of San Jose, Cal. State Superintendent of the Children's Home Finding Society, has been visiting Reno in the interests of the extension work of the society in this State. He left for the coast last night. He wishes to announce that Mrs. A. A. Loring of Oakland, special-field agent of the society, may be expected in Nevada soon to further promote the interests of the society in this State. The society's work is that of providing homes in well approved families for homeless and dependent children.

For over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children, while teething. If disturbed at night or broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for little children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, soothes the gums, reduces inflammation and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Viavi Cures.

Have you catarrh? Use liquid Viavi. Is your blood poor? Use Viavi tonic. Have you stomach trouble? Use Viavi tablets. Have you a cold? Use Viavi cerate. Have the children burned themselves? Use Viavi cerate. Use it whenever there is pain or inflammation.

Have you rheumatism? Use ammoniated arnica. Have you piles? Use Sano. Have you uterine trouble? Use the Viavi capsules and cerate. All to be found at

Mrs. B. E. HUNTER'S,
Fourth Street.

Welshback Burners

Is an ingenious device by which oxygen and gas are burned together. The light produced is soft and peculiarly white and brilliant. They give four times the light obtained from an open gas burner at one-half the cost. They soon pay for themselves in what they save. There are over 300 burners in use in nearly every business house in Reno. Price \$2 75 each, two or more, \$2 50 each. They are the wonder in light and saving.

J. J. QUINN, Sole Agent.

Take Notice.

Persons who have been dumping garbage upon Riverside Avenue and other streets and alleys in the town of Reno are notified that they will be prosecuted under the ordinance of the town of Reno if the nuisance is continued.

H. W. HIGGINS, Chief of Police.

THAT JOYFUL FEELING

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed.

Carson has formed an athletic club for the promotion of athletics. A building has been procured and will be fitted up with proper apparatus.

BREVITIES.

Travel was light last evening, the weather and the near approach of election day probably being the reason.

Miss Beesie Murphy, a Carson lady, has invented a pot lid, perforated so that water can be drawn off from cooked vegetables, etc., without lifting the lid.

The Central School Building at Carson was found to be on fire Sunday evening, but was discovered in time to save it, the damage, however, was placed at \$500. Circumstances point very strongly to incendiary origin.

The match game of baseball between the Monograms of Portland and the Tufts-Lyons of Los Angeles at San Francisco Sunday ended in a draw, each side having played twelve innings and the score standing 12 to 12.

Mr. W. H. H. Scott writes from Purdy's Station, Long Valley, that a crew of eight men, including himself, working on the road near there balloted for President Saturday, Bryan and silver receiving 6, and McKinley and gold 2.

H. J. Thyres has the celebrated Manhattan and Martini cocktails in pocket flasks, also fresh oyster cocktails daily, beef tea, apple jack, peach brandy and all hot drinks. A fine lunch served every day from 11 till 2, and side lunch, until midnight.

The JOURNAL has had historical and other matter for some time in preparation for the publication of an Autumn Trade Number. It has been decided to issue the special number on even dates with the WEEKLY NEVADA STATE JOURNAL the second week of November.

Messrs. Colburn and Judge Mack of Virginia raised a considerable sum of money on the Comstock to aid the silver cause in the East, and forwarded it to G. S. Nixon to be again forwarded to headquarters. Mr. Nixon acknowledged receipt and wrote encouragingly of the outlook for Bryan.

The registration in Chicago exceeds that of New York or any other city in the world by several thousand. It is estimated that 25,000 voters were imported by the gold men for the purpose of carrying the State for McKinley. Governor Altgeld will doubtless attend to the matter.

Professor Wilson and Electrician Jaffrey will move their X-ray apparatus to the rooms next door to the JOURNAL office, and in a few days will be prepared to continue their scientific work. The location is convenient and the rooms adapted for their experiments, they having already several engagements ahead.

When the gold true: generals were moving past the residence of William J. Bryan at Lincoln, Nebraska, Mr. Bryan displayed over his door a large portrait of William McKinley tastefully draped in the national colors. General Alger says he will cherish it as a sweet recollection plucked from an acrimonious debate.

Senator Jones says all the tariff laws that can be enacted will not relieve the financial distress unless there is an increase in the volume of money. There never has been a depression caused by the scarcity of money that was relieved until more money was put in circulation. The act of 1873 caused a panic and there was business depression until relief was afforded by the Standard Dollar Act of 1875, which added 2,000,000 a month to the volume of money.

Make Your Workmen Comfortable.

A manufacturer, in gossiping about the best ways of handling workmen, says that the nature of the floor of the shop has a great deal to do with the amount of work that is got out of the operative staff. He was once struck by the difference in the apparent activity of two sets of men working on similar jobs at the rise in two rooms of a large shop. One was in an old building and the other was in one of recent construction. In the former the men stood easily and naturally at their work and showed no symptoms of a hankering for a seat on the bench, while in the latter the men were shifting their weight from one foot to the other, throwing one leg upon the bench at every opportunity and showing every evidence of foot fatigue. The superintendent guessed that the difference was due to the floors upon which the two gangs of men were standing. In the old shop the floor was of wood, springing to a certain extent and a poor conductor of heat. In the new shop it was of the most beautiful concrete, an excellent conductor of heat from the feet of the workman and as unyielding as granite rock. So the benches in the new shop were raised a couple of inches and each man was given a platform of wood that rested on two crosspieces at the end and had a slight spring to it. The foot weariness disappeared almost at once, and no further trouble was experienced. Which shows that the prettiest floor is not always the best for the workmen.—Exchange.

The year of 3554 days was known as the Sothic year, from the Egyptian name of the star Sirius, observations of which were of great use to the astronomers of Egypt in their efforts to arrange a calendar.

If the new moon in summer falls between midnight and 2 a. m., the probability is that the weather for a day or two, at least, will be fair.

A stray chicken wandered into a residence in Virginia Sunday evening looking for a place to roost. The lady occupants thought a burglar had gotten into the house and they made for the street. A policeman was sent for and upon his arrival found the whole neighborhood aroused. He entered the building and removed the intruder.
